

# make IT AT home

## *Bunny Candleholder*

### **Provided in the kits:**

- Wine glass
- Paint brush
- Black permanent marker
- White paint
- Pink paint
- Pink ribbon
- Burlap

### **You will also need:**

- Glue – tacky or hot glue will work best
- Scissors
- Tea light candle
- Paper to cover your workspace

1. Paint the inside of the wine glass with the white paint. Allow paint to dry completely.
2. For full coverage, you may need a second coat of white paint.
3. Using the template, trace two ears from the burlap material and cut them out using your scissors.
4. Using the pink paint, create “inner ears” on the burlap.
5. Turn the wine glass over so that the rim is flat on the table.
6. Glue the bunny ears to the front of the glass stem.
7. Use the ribbon to embellish the ears with a bow.
8. Using the pink paint and black permanent marker, draw a face on your bunny.
9. Place a candle – or décor of your choice – on the base of the glass.
