

# make IT AT home

## *Winter Luminary*

### **Provided in the kits:**

- Mod podge
- Epsom salt
- Mason jar
- Foam brush
- Twine
- Berry and twig pick

### **You will also need:**

- Scissors
  - Hot glue
  - Paper to cover your workspace
  - Optional: battery tea light
  - Optional: clear spray sealant
1. Using the foam brush, apply mod podge only the sides of the jar.
    - Do not apply mod podge to the bottom or threaded top of the jar.
  2. Sprinkle the epsom salt over the jar until fully covered.
  3. Shake off the excess salt.
  4. Tie twine around the mouth of the jar and create a knot.
  5. Trim twine as necessary.
  6. Use hot glue to add the berry and twig pick to the twine.
  7. Optional: Battery operated fairy or tea lights may be added to the jar.
  8. Optional: Clear spray sealant may be applied to hold the salt in place.
